

Multisector Upstream Approaches to Improving Community Health

Naomi Fuchs
Chief Executive Officer, Santa Rosa Community Health Centers
 Kathleen Lang
Vice President, Regional Operations, California Health & Wellness
 Carolyn Wang Kong
Senior Program Officer, Blue Shield of California Foundation
 Alexandra Chan
Associate Director, Nonprofit Finance Fund

Session Goals

- Learn how the California Accountable Communities for Health Initiative (CACHI) is addressing social determinants of health through an aligned portfolio of interventions that incorporates care, clinical-community linkages and upstream strategy
- Discuss what policies, partnerships, and resources are needed to effectively support this type of approach from the perspective of CACHI partners
- Explore how this approach can transform vulnerable communities to achieve equity and develop health infrastructure to respond to community needs for years to come

October 4-5, 2018 | CPCA Annual Conference | Sacramento Convention Center

Panelists

- Naomi Fuchs
Chief Executive Officer, Santa Rosa Community Health Centers
- Kathleen Lang
Vice President, Regional Operations, California Health & Wellness
- Carolyn Wang Kong
Senior Program Officer, Blue Shield of California Foundation
- Alexandra Chan
Associate Director, Nonprofit Finance Fund

October 4-5, 2018 | CPCA Annual Conference | Sacramento Convention Center

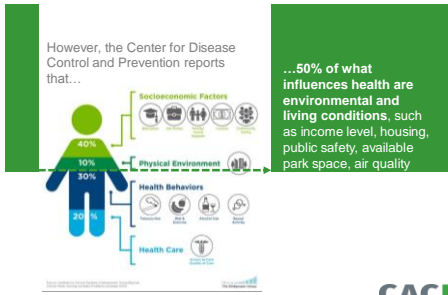

ACH: The Next Generation of Health System Transformation

Historically, we have turned to the healthcare system to address these problems.

- ➔ **An Accountable Community for Health is:**
A structured and enduring platform for bringing together the health care delivery system, public health, social services and community based programs, other related sectors and institutions, and residents in order to collectively improve the health of the community.
 - ➔ **The California Accountable Communities for Health Initiative (CACHI) will:**
Assess the feasibility, effectiveness, and potential value of a more expansive, connected and prevention-oriented health system
- CACHI**

PORTFOLIO OF INTERVENTIONS

PORTFOLIO OF INTERVENTIONS

WHAT IS A PORTFOLIO OF MUTUALLY REINFORCING INTERVENTIONS?

FROM ----- TO

Parallel play -----> Coordinated and aligned

Many unrelated outcomes -----> Limited number of common outcomes

Siloed/Singular focus -----> Systems thinking

WELLNESS FUND & SUSTAINABILITY PLAN

Sustainability Plan

Describes the value proposition, overall strategy and potential funding mechanisms to support two goals:

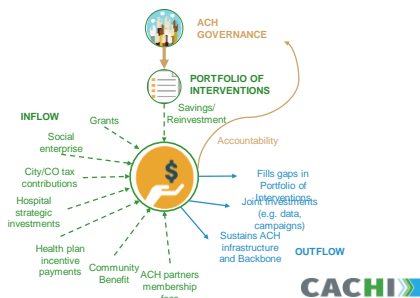

- Sustain the ACH infrastructure, including backbone organization and joint ACH functions, such as data sharing
- Fund the gaps identified in the Portfolio of Interventions: *start new interventions* for which there isn't funding and *spread and scale existing interventions*, in order to enhance reach and depth

Wellness Fund

Vehicle (structure) for bringing together various public and private funding and resources

HOW THE WELLNESS FUND WORKS

Accelerating ideas into action to advance the public good.

Discuss with Your Neighbor & Share Back with the Group

- Given what you know about CACHI, and based on your own experience with upstream collaborations to improve community health, what **opportunities** do you see in such approaches? What **challenges** have you encountered?
- What is one thing you'd like to ensure you come away with from this session?
